

## Sealing foam cleaner TECHNOMICOL PROFESSIONAL

### Production description:

**TECHNONICOL PROFESSIONAL** sealing foam cleaner is a mixture of organic solvent with propellant (displacing gas) emitted from an aerosol cylinder by a spray nozzle or gun for professional sealing foams.

### Area of use:

**TECHNONICOL PROFESSIONAL** sealing foam cleaner is designed as an effective cleaner for work with polyurethane sealing foams, for cleaning and clearing outdoor and indoor surfaces with a spray gun, for washing sealing foam from skin and clothes and removing splashes of foam in working with a cylinder.

### Basic physical and mechanical properties:

| Properties                                  | U.M. | Value  |
|---|------|--|
|   |      | PROFESSIONAL   |
| External appearance, colour                 | -    | Colorless, transparent contents.<br>Consistency should be homogenous, without lumps or visible foreign matter and impurities |
| Mass  | g    | 370±10   |
| Durability and leak resistance of container | -    | Should withstand tests   |
| Total percentage of water, not more than    | %    | 0,2  |

### Operation:

To wash the gun: immediately after the cylinder of sealing foam is emptied, the cylinder with the sealing foam cleaner must be screwed on to the gun and a jet of cleaning fluid should be released several times. For cleaning clothing or surfaces from unhardened foam, an adapter spray gun is used.

Used at a temperature from +5°C to +30°C.

### Storage:

The cylinders should be stored and transported in a vertical position, in dry conditions at a temperature from +5°C to +25°C. It is prohibited to store the cylinder in direct sunlight or to let it heat up to more than +50°C.

Guaranteed storage life – 36 months.

### Transportation:

Cylinders of **TECHNONICOL PROFESSIONAL** sealing foam cleaner are transported in accordance with the rules of transporting cargo applicable to the type of transport at a temperature from - 10 °C to +40 °C

### Packaging information:

**TECHNONICOL PROFESSIONAL** sealing foam cleaner is supplied in metal cylinders of 650 ml (12 per package).
